Press Release

Big Bang Entertainment Company, L.L.C. Announces the Release of Two New CDs From the "Bangers" All-American Rock-n-Roll Band™

PRINCETON, NJ - Robert D. Battis, Founder, President & CEO of the Big Bang Entertainment Company, LLC™ - Announces the formation of the Big Bang Entertainment Company, LLC™ and its three divisions, the Big Bang Music & Recording Studio™, Big Bang Galaxy Records™ and Big Bang BrightStar Publishing Company™ (ASCAP Member), as well as the "Bangers" All American Rock-n-Roll Band™, less than one year ago. The company along with the band is celebrating its one year anniversary in September 2004. This progressive independent Entertainment Company is on the move with the release of two new CD's in July 2004 from it's new band – the "Bangers" All American Rock-n-Roll Band.

The company has honored this Independence Day with it's first CD, which is a 4 song patriotic rock-n-roll CD called "Star Spangled Americans"™. This specialty CD has been dedicated to the men and women of the armed forces, and those who risk their lives for the many wonderful freedoms we all enjoy. The CD has many inspirations. Robert Battis wrote the lyrics for the song "Star Spangled Freedom" ©. His inspiration came from thoughts of what Francis Scott Key must have seen to be inspired to write the "Star Spangled Banner". "Everyday there are rockets red glare and bombs bursting in air, over good Americans

who lead our country, making the hard decisions and having the will to protect our freedom". Robert wrote the lyrics for the song "America's Not Fool-in Around" ©. Inspiration for this song came from people he knew, who died in the World Trade Center and those fighting to stop future attacks. He wrote the lyrics for the song "As Americans" being inspired by the greatness of the American people who take risks to build America and fight for the principals that form the foundation of our great country. The lyrics for "Freedom Does Not Come Free" ©, were written by our drummer, Scott French. His inspirations are clear. The price of freedom is worth everything we have.

The second newly released CD named "Out Of This Universe" is an 11 song rock-n-roll CD. This CD is dedicated to Rock-n-Roll Aficionado's™ who deserve and appreciate great rock-n-roll music. This CD features a highly diversified group of original songs that have sounds ranging from the great hit music produced in the 70's, 80's, and 90's to today's hit rock-n-roll music!

The Big Bang Entertainment Company recently cut a radio edit version of the CD – "Star Spangled Americans"™. It was released at the end of May 2004 to over 2,200 radio stations. After our follow up, we are delighted to say our Star Spangled Americans CD is being played on the radio around the country. A radio edited version of the "Out Of This Universe" CD is scheduled to be delivered to over 2,000 radio stations by the end of August 2004.

The band is busy at work on its third CD, which will be released early this fall.

The "Bangers" promoters are now booking venues for the beginning of our 2004-2005 Tour, beginning late summer 2004. The "Bangers" are going to "Rock Your Socks Off"™. We're "All for Music – Producing Music for All"™.
